WRENCHED AND RACKED BY THE pangs of rheumatism, the joints eventually become grieveously distorted, and sometimes as-sume an almost grote: que deformity. To pro-vent such results by a simple and agreeable means is certainly the part of wisdom. A ten-dency to rheumatic ailments may be successfully combatted with Hostetter's Stomach Bit-ters, a medicine with the prestige of a long and successful career, of unbounded popularity, and of emphatic professional endorsement. It removes from the blood those in flammatory inpurities which pathologists assign as the cause of rheumatism, and not only purifies the life cur-rent, but enriches it, promoting vigor by fertilizing its source. Digestion, the action of the bowels and the secretion of the bile, are sided by it, and it impels the kidneys and bladder to regular and active performance of their functions. It is besides a thoroughly reliable remedy for, and means of preventing, periodic fevers.

IN THE WHOLE HISTORY OF MEDICINE no preparation has ever performed such marvelous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always re-lieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always or hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its com-position and effects, physicians use the Cherry Fectoral extensively in their practice, and clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible. For sale by all deal-
